February 7, 2007

Mr. David Armstrong
Chancellor
Division of Community Colleges and Workforce Education
325 West Gaines Street
Tallahassee, FL 32399-0400

Dear David:

This letter is to confirm that Pensacola Junior College has received \$10,907,469 from Escambia County for the Florida Facility Enhancement Challenge Grant Program. The purpose of these funds, with matching dollars, is to build a public service academy in northwest Escambia County to train police officers, fire fighters, and related professions.

I have attached copies of the appropriate forms from the PJC Foundation and the CIP-8, which have been submitted as required. Also attached is the District Board of Trustees agenda requesting approval from the State Board of Education "to designate a future north/central Escambia County site as a Special Purpose Center," and requesting matching funds for site acquisition and building construction.

Initial FTE for this site is estimated to be 200 FTE. This includes transfer of the police academy and other related training from the George Stone Career Center (the local school district's vocational-technical center), and transfer of current fire fighter training from the Pensacola Junior College Warrington Campus. There will be additional transfer of related instruction in emergency medical fields from the Warrington Campus and criminal justice courses from the PJC Pensacola Campus.

Your assistance in getting State Board of Education approval for this project is greatly appreciated. Please let me know if I can provide additional information in support of this request.

Kindest regards,

G. Thomas Delaino
President
