Design of the B.E.S.T. ELA Standards

Underlying Premises of Florida's B.E.S.T. ELA Standards:

- English Language Arts is not a discrete set of skills, but a rich discipline with meaningful, significant content, the knowledge of which helps all students actively and fully participate in our society.
- The standards are clear and concise so they are easily understood by every stakeholder.
- The texts students read are meaningful and thought-provoking, preparing them to be informed, civic-minded members of their community.
- Standards should not stand alone as a separate focus for instruction, but should be combined purposefully.

CLARIFICATIONS

Design of Standards

The standards are designed to be user-friendly, so every stakeholder will understand what students are expected to master. Taken together, the benchmarks, **clarifications**, and appendices represent the expected outcomes for the students of Florida and carry the full weight of the standards.

**Page 7 of B.E.S.T.
Standards for ELA**

Using Clarifications

ELA.2.C.5 Creating and Collaborating

Multimedia

ELA.2.C.5.1: Use one or more multimedia element(s) to enhance oral or written tasks.

Benchmark Clarifications:

Clarification 1: Multimedia elements may include, but are not limited to, drawings, pictures, artifacts, and audio or digital representation. At this grade level, the element(s) should relate directly to the task. There is no expectation that the element(s) be integrated into the task. The student can but is not required to use more than one multimedia element.

Benchmarks and Clarifications

ELA.7.R.1.2: Compare two or more themes and their development throughout a literary text.

Benchmark Clarifications:

Clarification 1: For the purposes of this benchmark, theme is not a one- or two-word topic, but a complete thought that communicates the author's message.

Clarification 2: Students should continue to work with the concept of universal themes, although mastery isn't expected until 9th grade. A universal theme is an idea that applies to anyone, anywhere, regardless of cultural differences. Examples include but are not limited to an individual's or a community's confrontation with nature; an individual's struggle toward understanding, awareness, and/or spiritual enlightenment; the tension between the ideal and the real; the conflict between human beings and advancements in technology/science; the impact of the past on the present; the inevitability of fate; the struggle for equality; and the loss of innocence.

Foundations

“Benchmarks for the standards are mastery goals that students are expected to attain by the end of the year. To build mastery, students will continue to review and apply earlier grade-level benchmarks and expectations. If skills are not mastered, students will be given instruction and practice opportunities to address skill gaps from previous grades.”

FOUNDATIONAL INSTRUCTION MATTERS

-Florida's B.E.S.T. Standards: English Language Arts (page 6)

In the early grades, the standards emphasize explicit, systematic phonics instruction as the foundation of literacy. Decoding and fluency are essential to creating proficient readers. “Readers who have strong decoding skills can figure out unfamiliar words so quickly that the process requires no conscious effort,” says Dr. Holly Lane, Director, University of Florida Literacy Institute. When decoding is effortless, a reader’s limited working memory is freed up so the reader can focus on meaning.

Text Selection

What is a text?

“For the purposes of text within the standards, the full breadth of the term *text* is intended. The standards are meant to prepare students to interpret a variety of texts in a variety of formats. In planning instruction, make sure that students are exposed to a diverse selection of quality texts.”

Literary Periods

Why are literary periods important?

Restore Context:

Knowing the time frame of when the text was written gives us insight on why an author included certain content, his/her perspective, and social issues during that time.

We encounter works from the time frame we are reading in rather than the time frame the work was written.

The full text should be used where possible.

Excerpts would be permissible where there was a sense of completeness:

- For literary texts, there should be a complete story arc.
- For informational texts, the text should be able to stand alone with minimal scaffolding.

Implement = Use

Active Implementation

Fixsen, Blase, Metz, & Van Dyke (2015)

Activity

- Reflect on the work of your previous Standards roll-out ..
- Answer the questions:
 - Were all three factors from formula present?
 - If no, what was missing
 - If yes, what was a key factor of success

What action steps can my district take to ensure the success of the B.E.S.T. ELA roll out?
