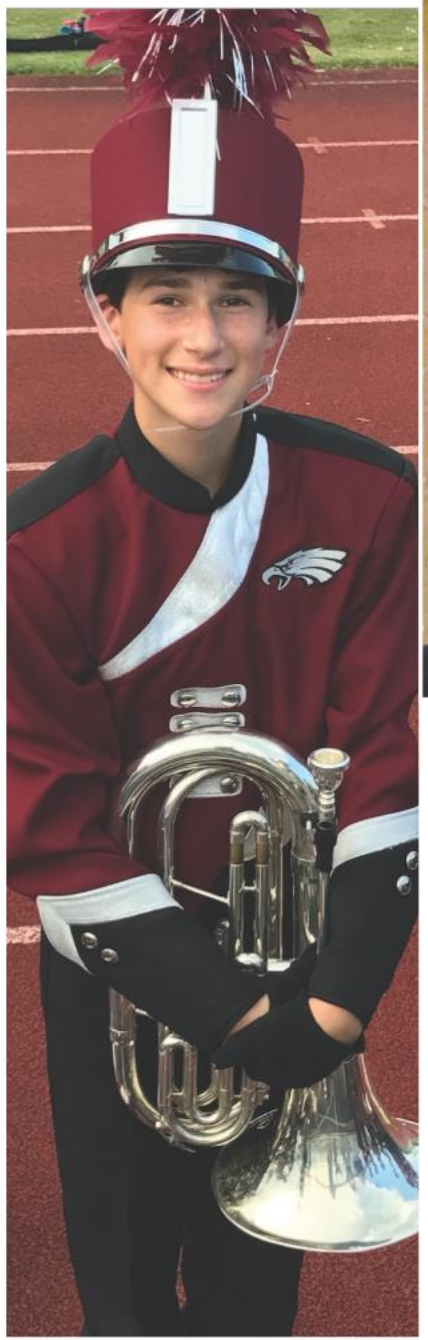
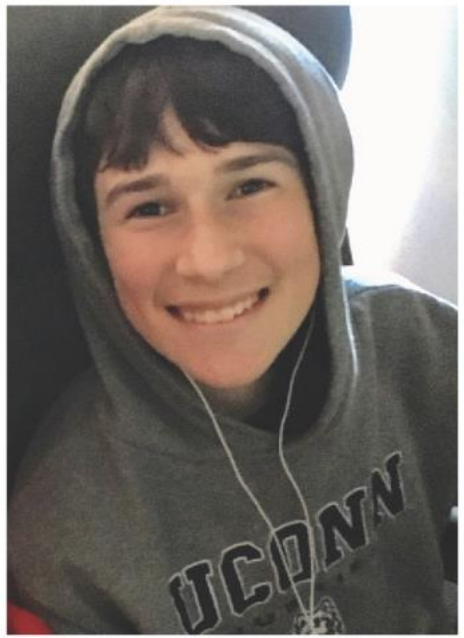
SCHOOL INCIDENT REPORT

Presented by: **Max Schachter**

ALEX



We will always miss your special smile and dimples, the big hugs you always gave, how you followed your big brother around the house, how you teased your big sister, and how you always let your little sister style your hair. There will never be another one to replace you in our hearts and the love we will always have for you.



Alex Schachter

- 9th grade 14 years old
- Member of the Marjory Stoneman Douglas High School Marching Band
- Played on Parkland rec basketball team

School Environmental Safety Incident Reporting (SESIR) System - District & State Reports

The School Environmental Safety Incident Reporting (SESIR) System currently collects data on 26 incidents of crime, violence, and disruptive behaviors that occur on school grounds, on school transportation, and at off-campus, school-sponsored events, during any 24-hour period, 365 days per year. Incidents are reported by schools to the districts which, in turn, provide the data to the DOE.

Districts use standardized SESIR codes and definitions to report incidents to the department.

Benefits of the School Incident Report for School Administrators

- Access to a free user friendly dashboard containing critical data on violence, drugs, and discipline for all Florida public schools
- Credible, objective and external documentation for grant funding applications as well as bond referendums, reports and other documentable processes
- Data for districts seeking legislative support to address patterns of risk inside your school
- Identify patterns and trends of violence, drugs, and discipline in your district
- Assists school administrators to target resources effectively
- Ability to compare all school districts and all schools across all SESIR incident data, in-and-out of school suspensions, and incidents referred to law enforcement
- Easily view metrics to identify schools that under-report and over report SESIR data
